Day 1

Saturday 20th October

London - Barbados - Georgetown

Weather details: sunny and warm

Our flight with Virgin Atlantic to Barbados departed London on time, arriving during late afternoon. At the airport we were picked up by a local birder who took us to the Graeme Creswell reserve for a short birding session.

We had a great time looking at a typical Caribbean fauna that included such good birds as Antillean Crested Hummingbird, the endemic Barbados Bullfinch, localized Caribbean Martin and many Red-necked Pigeons feeding in the roadside trees.

We then took a short flight to Georgetown were our hosts were waiting for us and taken to our hotel for the night. Built in the 1840s and originally consisting of two houses, the Cara Lodge is one of the oldest wooden buildings in Georgetown.

Day 2

Sunday 21st October

Georgetown-Arrowpoint

Weather details: humid, sunny and warm.

After breakfast and a quick look in the garden were we located our first common garden birds as Ruddy Ground Dove, Orange-winged Parrot and House Wren after which we were taken to the mighty Demarara River.

From here we took a small boot to Arrowpoint. Soon we were on the Kumuni River, a small black water river that took us through seasonally flooded forest and swamp forest through open savannah areas. En route we found a well camouflaged Common Potoo pretending to be a dead branch high in a tree, many Greater Yellowheaded Vultures, Green Ibis and our first Amazon Kingfishers.

The lodge itself is surrounded by a variety of habitats, including open grassy marsh and scattered stands of Moriche Palm and fairly tall sand belt forest.

After a great lunch we were taken inside the forest for a walk. Very quiet at first things improved once we got to a large clearing. Here we found several Black-necked Aracaris and Red-billed Toucan side by side, a perched Versicolored Emerald and many Red-bellied and Red-shouldered Macaws overhead.

After dinner we went for a spotlighting session on the Pokerero creek and were rewarded with great sightings of several Pauraque and Spectacled Cayman.

Day 3

Monday 22nd October

Arrowpoint

Weather details: sunny and warm

This morning we took the lodge canoes for a trip upriver, walking back to the lodge through the forest. Once we got hang of it (steering in the right direction), we found a good selection of birds along the rivers margin. Several Black-capped Donacobius, Striated Heron, a nice pair of perched Paradise Jacamar, Moriche Oriole and a single female Crimson Topaz.

We then left the canoes behind and walked back through the swamp forest. Large Blue Morpho Butterflies stole the show, while a small flock held several Cayenne Jays, Lineated Woodpecker and Violaceous Trogon.

Back at the Lodge we had a closer look at some of the bats that had take up residence in Caroline's room.

After lunch we had an interesting Casava preparation demonstration, interrupted by a large flock of Redshouldered Macaws that decided to land in a nearby palm!

Late afternoon we took a boot trip downriver. Muscovy Ducks, several close Ringed Kingfisher, Pigeons and Macaws were added to the list. A fantastic dinner under the stars rounded off a beautiful day.

Day 4

Tuesday 23rd October

Arrowpoint – Georgetown -Shanklands

Weather details: overcast with sunny spells, rain in during late afternoon

A pre-breakfast trip took us upriver again to look for the rare and beautiful Crimson Topaz Hummingbird. We were not going to be disappointed as we soon found our query. Several male and female Crimson Topaz were lekking in a small tree ahead of us showing off their bright colours. White-necked Jacobins and several male Goldenthroats were also lekking nearby.

It was then time to leave for Shanklands. A short stop was made to visit the Indian village of Santa Mission, a community of Arawak and Carib Indians, before continuing downstream only to find out that the road to Shanklands was covered in fallen trees.

An alternative route was worked out. After a stop for lunch in Georgetown and a bus ride to the Essequibo River we took another speedboat towards Shanklands were we arrived just after dark. We quickly settled in to our colonial style cottages on a large cliff set amidst a large garden and surrounded by dense forest.

Day 5

Wednesday 24th October

Shanklands

Weather details: sunny and warm

In the company of our local guide we explored the clearing of the lodge this morning and it proved to be very rewarding. Many birds were active. Orange-winged and the rare Red-fan Parrot feeding in a palm tree allowed fantastic scope views. Smart Red-handed Tamarin Monkeys and a pair of rare White-faced Saki Monkeys gave good views. The small marshy area nearby held a beautiful male Sunbittern showing of its butterfly-wings and our first Black Caymen. A colony of Yellow and Red-rumped Caciques were alerted a couple of times by a Laughing Falcon and Roadside Hawk.

After breakfast we took a walk in the nearby forest and found a flock holding White-tailed Trogon, Black Nunbird, several Woodcreepers and a nice male Golden-headed Manakin.

Late afternoon we walked along the Military road. Birding the sandy belt forest we were soon rewarded with great views off Yellow-green Grosbeak, Gray-breasted Sabrewing, Fulvous Shrike-tanager, Black-headed Parrot, Green Aracari and Slaty Antshrike.

Day 6

Thursday 25th October

Shanklands - Kaieteur Falls - Rockview - Surama

Weather details: sunny, overcastted and thunderstorms during the afternoon

A bit of pre breakfast birding was done before taking the boot upriver to the airstrip at Baganara Island were we caught our flight Kaieteur Falls. After a flight over endless forest we finally landed on the table top of a tepuis - (or Tepuy) a table-top mountain (mesa) found only in the Guayana highlands of South America. From here we explored the area. Tank Bromeliads were everywhere but the Golden Frogs remained elusive.

We then stopped at the various viewpoints to admire the sheer drop of 822 feet (five times the height of Niagara Falls), over the mist covered boulders of the gorge. We found several flocks of Swifts over and in the gorge that included White-collared and White-chinned Swifts. Several Vultures and Macaws flew overhead and in the terminal building we found two Molussus Bats.

We then continued by plane to Annai and Rock View were we had lunch before going on to Amerinidian community at Surama. After checking in and be shown to our basic accommodation the local guides took us for a walk through the savannah to nearby woodland. Here we found a well camouflaged Great Potoo, several Red and Green Macaws, Swallow-wing, Pied Puffbird and Grassland Sparrow.

Day 7

Friday 26th October

Surama

Weather details: hot, humid and sunny

After an early breakfast we went for a three mile hike through the rainforest to the Buro Buro River. We found tracks of the Giant Armadillo and then heard the strange call of the rare Capuchinbird in the distance. It took a while before we located these strange birds feeding in the canopy of some fruiting trees but in the end we all good views of one of the target birds of the trip.

We then went on a boat trip were we soon found a small party of Giant Otter that unfortunately did not stay around long enough for all to see. The roosting Long-nosed Bats under a tree over the river were seen by all as were a Green-tailed Jacamar, Black-spotted Barbet, Streaked and Slaty Antwren. A Basilisk or Jesus Christ Lizard was first seen perched on a log before "running" over the stream!

After a siesta during the heat of the day we decided to walk to the village to look at the school and church. Unfortunately the village was a bit further then anticipated so that we turned around early, bird watching on the way back to the lodge.

Day 8

Saturday 27th October

Surama - Canopy Walkway - Iwokrama

Weather details: sunny, hot and humid

Today we made a very early start to travel by road through the forest (in the dark) to visit the recently constructed canopy walkway deep in the Iwokrama Rainforest. The Walkway is a series of suspension bridges and observation decks of up to 30 metres (98 ft) in height and 154 metres (505 ft) in length. Using the observation decks we were soon looking at a procession of canopy-dwelling birds such as Dusky and Caica Parrot, Channel-billed Toucan, Spotted Tanager, Ruddy Pigeon and Spider Monkey.

After breakfast and admiring a tiny Hermit on its nest we drove to Iwokrama seeing an adult King Vulture en route. A short boat ride later found us at the Iwokrama International Centre for Rainforest Conservation and Development. Here we based ourselves at the research field station, which overlooks the black waters of the Essequibo River, deep in the heart of the forest.

During the afternoon we split into two groups and explored the different trails. We quickly found a well camouflaged Three-toed Sloth, a family of Howler Monkeys, and small bird flocks held several species of Woodcreeper and Antbirds.

After dinner we went for a spotlighting session seeing Ladder-tailed Nightjar, Black Caymen, Tree Boa and several Fishing Bats.

Day 9

Sunday 28th October

Iwokrama

Weather details: humid, sunny and hot

A boat trip around the island was planned for this morning and soon we found a nice sandbar with Pied and Collared Plover, Black Skimmer and Large-billed Tern side by side. A Capped Heron was watching us from the dense vegetation and several rare Black-collared Swallows were perched on the rocks or flying low over the river.

After breakfast we travelled once more by boat for about half an hour downstream to the foot of Turtle Mountain. The trail to Turtle Mountain winds its way through beautiful primary forest, the enormous trees towering above us. Screaming Pihas called loudly from their perches, and with a little effort, we located several birds belting out their song. We continued climbing to the top at an elevation of about 900 feet with a spectacular view of the forest canopy below. On the descent we found a pair of Blue-crowned Motmot but not much else.

Late afternoon, part of the group went back in the forest to have another look at the Sloth which was more or less in the same area as we left it yesterday. This was followed by a boat trip to the falls. Here we saw some old rock carvings, more swallows and macaws overhead.

Day 10

Monday 29th October

Iwokrama - Canopy Walkway - Rockview

Weather details: sunny, humid and hot

We left Iwokrama early this morning and paid another visit to the canopy walkway seeing a small flock of Black Currasow en route. Birds were keeping a low profile at the walkway with more or less same species seen here as the day before yesterday.

After breakfast we made another stop en route at the Cock of the Rock place. A walk through the forest ended at some caves where we quickly found several bats and after a little while finally a beautiful male Cock-of-the Rock. We had fantastic looks at this orange ball of the trip for the next fifteen minutes until it flew of into the dense undergrowth. Very happy we continued to Rock View for lunch and a well disserved siesta.

In the afternoon an orientation tour of the Lodge grounds was followed by walk along the entrance road. Yellow-crowned Parrots came into roost and American Kestrel, Buff-breasted Tanager, Meadowlark, Buff-necked ibis and Yellow Oriole all past the revue.

Day 11

Tuesday 30th October

Rockview

Weather details: humid, sunny and hot

The morning was spent exploring the Panorama trail. Again birding was slow but still we found a snake, several tanagers and best of all White-bellied Antwren. Some then went for a Village tour.

During the afternoon we birded along the main road. A stop at a small lake was very rewarding with sightings of the beautifully coloured Spangled Cotinga, a perched Blue-tailed Emerald, Jabiru and White-tailed Kite flying overhead. We also saw Lineated and Crimson-crested Woodpecker perched in the same tree. A stop in the savannah quickly added many Fork-tailed Flycatchers, a pair of Burrowing Owl and a single Thick-knee. A thunderstorm rounded of a nice birding afternoon.

Day 12

Wednesday 31st October

Rockview - Karanambu

Weather details: sunny and hot

We birded the road towards Lethem this morning. Again birding was very successful with a good variety of birds and mammals seen. We quickly spotted a family of Howler Monkeys high in a tree allowing scope views, several perched White-tailed Hawk and a single young Great Black Hawk, a Pearl Kite near its nest and a Maguary Stork fishing in the marshes.

After lunch we departed by boat upriver for Karanambu. This is the home of Diane McTurk, widely known for her work in rehabilitating orphaned Giant River Otters to the wild.

We spend the whole afternoon slowly making our way upriver arriving after dark. En route we were entertained by a good selection of kingfishers and egrets, Anhinga, Muscovy Duck, a colony of Long-nosed Bat, Rufescent Tiger Heron, Brown Capuchin Monkey, Green Iguana and Osprey.

As the sun disappeared behind the horizon other wildlife came out. Best were several Boat-billed Herons, Fishing Bats, Least and Lesser Nighthawks and Band-tailed Nightjar.

Day 13

Thursday 1st November

Karanambu

Weather details: sunny and hot

A boat trip to Crane Lake this morning was worth the effort not only because it was blanketed by the enormous pads of the *Victoria amazonica* water lily, Guyana's national flower (many of which were flowering) but also because we had great looks at the rare Pygmy Kingfisher and Agami Heron. On the lake we found Capped Heron, Jacana, Purple Gallinule, Capybara, Black-crested Antshrike and White-flanked Antwren.

The afternoon was spent driving in the lodges rustic vehicles through the savannah and visiting some marshy areas. Purple Gallinule, a single Sungrebe, Black-collared Hawk and Yellow-billed Terns were all feeding in the ponds. After dark we went for a spotlighting session on and near the airstrip. Going back and forth several times we managed to get good views of Nacunda, Lesser and Least Nighthawks and White-tailed Nightjar.

Day 14

6

Friday 2nd November

Karanambu

Weather details: sunny and hot

This morning we made an early start to reach an area of rolling grasslands, which in the past has been the home to a population of Giant Anteaters. It did not took long before one of the "Guacho's "located one and soon we were all looking at this six-foot long animal walking across the savannah. A fantastic encounter and certainly the mammal highlight of the trip.

We then birded a small marshy area and quickly found our other targets. A large Bicolored Wren, Bearded Tachuri and Yellow-chinned Spinetail. After breakfast some went for a short walk along the river trail. Late afternoon we explored the maze of lagoons near Sumaco searching for Giant Otters. They remained elusive but we spent a great hour looking at Guianan Howler, Squirrel and Capuchin Monkeys feeding and jumping from tree to tree. These lagoons are also home to the legendary Arapaima, the largest of all scaled freshwater fish, and we briefly saw at least two jumping out of the water.

A beautiful sunset with the whole set of Nightjars flying overhead rounded off another successful afternoon.

Day 15

Saturday 3rd November

Karanambu - Georgetown

Weather details: sunny and hot

Buffalo Lake, a lake crammed with Herons and Egrets was the reason of our visit this morning. Among the *Victorica amazonica* we found a good selection of birds. A distant group of Giant Otters was a good start soon followed by Agami Heron and Pygmy Kingfisher and a lake full of egrets and herons.

Late afternoon we flew back to Georgetown. After settling into our hotel, Le Meridien Pegasus, our palatial accommodation for the night, we made a city tour. We had time to enjoy the colonial architecture, which has survived since the colonial days of the Dutch, French and British. We marvelled at Saint George's Cathedral, one of the worlds tallest freestanding wooden buildings, built in 1892 with a roof made of English oak and sides of Greenheart and paid a visit to the famous Stabroek Market.

We also made a stop at the seafront (Brown Pelican, Magnificent Frigatebird) and a short visit to the Botanical Gardens. Here we found a large roost of Cattle Egret and a few Tricolored Heron, Snail Kites and feeding Manatees.

Day 16

Sunday 4th November

Georgetown - Barbados

Weather details: sunny and warm!

During the morning we visited the nearby Botanic Gardens where a range of habitats support a wealth of birdlife. We birded along the trails until Brian suddenly spotted a small bird high in a dead tree. It was the rare and elusive Blood-coloured Woodpecker, an astonishingly colourful Veniliornis found only in the Guianas. We spend the next fifteen minutes looking at not one but three of these rare woodpeckers!

We then transferred to the airport in time to check in for our flight to Barbados with connection to London.

Day 17

Monday 5th November

Barbados-London

Arriving safely at Gatwick we collected our luggage and said our farewells.

Species Lists

Birds

Great Tinamou, Tinamus major

Brown Pelican , Pelecanus occidentalis

Anhinga, Anhinga anhinga

Capped Heron, Pilherodius pileatus

Great Egret, Ardea alba

Little Blue Heron, Egretta caerulea

Cattle Egret , *Bubulcus ibis* Agami Heron , *Agamia agami*

Boat-billed Heron, Cochlearius cochlearius

Wood Stork, Mycteria americana

Jabiru, Jabiru mycteria

Green Ibis, Mesembrinibis cayennensis

Turkey Vulture, Cathartes aura

Greater Yellow-headed Vulture, Cathartes melambrotus

King Vulture, Sarcoramphus papa

Hook-billed Kite . Chondrohierax uncinatus

White-tailed Kite, Elanus leucurus

Double-toothed Kite , *Harpagus bidentatus*Black-faced Hawk , *Leucopternis melanops*Common Black-hawk , *Buteogallus anthracinus*

Savanna Hawk , *Buteogallus meridionalis*Roadside Hawk , *Buteo magnirostris*Zone-tailed Hawk , *Buteo albonotatus*Crested Caracara , *Caracara cheriway*Laughing Falcon , *Herpetotheres cachinnans*

American Kestrel , Falco sparverius

Bat Falcon , *Falco rufigularis*Little Chachalaca , *Ortalis motmot*Spix's Guan , *Penelope jacquacu*Crested Bobwhite , *Colinus cristatus*

American Purple Gallinule, Porphyrio martinica

Sunbittern , Eurypyga helias

Double-striped Thick-knee , Burhinus bistriatus

Southern Lapwing , Vanellus chilensis
Collared Plover , Charadrius collaris
Lesser Yellowlegs , Tringa flavipes
Spotted Sandpiper , Actitis macularia
Yellow-billed Tern , Sterna superciliaris

Black Skimmer , Rynchops niger

Pale-vented Pigeon , Patagioenas cayennensis

Ruddy Pigeon , Patagioenas subvinacea

Undulated Tinamou, Crypturellus undulatus

 $\label{eq:continuity} \textbf{Neotropic Cormorant} \ \ , \textit{Phalacrocorax brasilianus}$

Magnificent Frigatebird, Fregata magnificens

Cocoi Heron, Ardea cocoi

Tricoloured Heron, Egretta tricolor

Snowy Egret , Egretta thula

Green Heron , Butorides virescens

Black-crowned Night Heron , Nycticorax nycticorax

Rufescent Tiger Heron , Tigrisoma lineatum

Maguari Stork , Ciconia maguari

Buff-necked lbis , Theristicus caudatus

Muscovy Duck, Cairina moschata

Lesser Yellow-headed Vulture , Cathartes burrovianus

Black Vulture , Coragyps atratus

Osprey , *Pandion haliaetus*

Pearl Kite , *Gampsonyx swainsonii* Snail Kite , *Rostrhamus sociabilis*

Crane Hawk , Geranospiza caerulescens

White Hawk , Leucopternis albicollis

Great Black-hawk , *Buteogallus urubitinga*Black-collared Hawk , *Busarellus nigricollis*White-tailed Hawk , *Buteo albicaudatus*

Black Caracara , Daptrius ater

Yellow-headed Caracara , *Milvago chimachima* Slaty-backed Forest-falcon , *Micrastur mirandollei*

Aplomado Falcon , *Falco femoralis*Peregrine Falcon , *Falco peregrinus*Marail Guan , *Penelope marail*

Black Curassow , Crax alector

Grey-necked Wood-rail , Aramides cajanea

Sungrebe , Heliornis fulica

Wattled Jacana, Jacana jacana
Pied Lapwing, Vanellus cayanus
Grey Plover, Pluvialis squatarola
Wilson's Snipe, Gallinago delicata
Solitary Sandpiper, Tringa solitaria

Laughing Gull, Larus atricilla

Large-billed Tern , *Phaetusa simplex*Scaled Pigeon , *Patagioenas speciosa*Plumbeous Pigeon , *Patagioenas plumbea*

Eared Dove , Zenaida auriculata

Common Ground Dove , Columbina passerina Ruddy Ground Dove , Columbina talpacoti Grey-fronted Dove , Leptotila rufaxilla Scarlet Macaw , Ara macao Red-bellied Macaw, Orthopsittaca manilata Brown-throated Parakeet, Aratinga pertinax Golden-winged Parakeet , Brotogeris chrysopterus Caica Parrot, Pionopsitta caica Dusky Parrot, Pionus fuscus Orange-winged Parrot, Amazona amazonica Red-fan Parrot , Deroptyus accipitrinus Black-bellied Cuckoo , Piaya melanogaster Smooth-billed Ani, Crotophaga ani Burrowing Owl, Athene cunicularia Common Potoo , Nyctibius griseus Lesser Nighthawk, Chordeiles acutipennis Band-tailed Nighthawk , Nyctiprogne leucopyga Pauraque, Nyctidromus albicollis Ladder-tailed Nightjar , Hydropsalis climacocerca White-collared Swift , Streptoprocne zonaris Short-tailed Swift , Chaetura brachyura Fork-tailed Palm-swift , Tachornis squamata Rufous-breasted Hermit , Glaucis hirsuta Eastern Long-tailed Hermit , Phaethornis superciliosus Reddish Hermit, Phaethornis ruber White-necked Jacobin , Florisuga mellivora Crimson Topaz , Topaza pella Fork-tailed Woodnymph , Thalurania furcata White-tailed Goldenthroat, Polytmus guainumbi White-chested Emerald , Amazilia brevirostris Black-eared Fairy , Heliothryx aurita Violaceous Trogon, Trogon violaceus Green-and-rufous Kingfisher, Chloroceryle inda Amazon Kingfisher, Chloroceryle amazona Blue-diademed Motmot, Momotus momota momota Paradise Jacamar, Galbula dea Spotted Puffbird , Bucco tamatia Swallow-winged Puffbird , Chelidoptera tenebrosa Green Aracari, Pteroglossus viridis Channel-billed Toucan, Ramphastos vitellinus Yellow-tufted Woodpecker, Melanerpes cruentatus Chestnut Woodpecker, Celeus elegans

Pale-legged Hornero , *Furnarius leucopus* Plain Xenops , *Xenops minutus*

Lineated Woodpecker , Dryocopus lineatus

Plain-breasted Ground Dove , Columbina minuta White-tipped Dove, Leptotila verreauxi Blue-and-yellow Macaw, Ara ararauna Red-and-green Macaw, Ara chloropterus Red-shouldered Macaw , Diopsittaca nobilis Green-rumped Parrotlet , Forpus passerinus Black-headed Parrot, Pionites melanocephalus Blue-headed Parrot , Pionus menstruus Yellow-crowned Parrot, Amazona ochrocephala Mealy Parrot , Amazona farinosa Squirrel Cuckoo, Piaya cayana Greater Ani, Crotophaga major Tropical Screech Owl, Megascops choliba Great Potoo , Nyctibius grandis Least Nighthawk , Chordeiles pusillus Common Nighthawk , Chordeiles minor Nacunda Nighthawk, Podager nacunda White-tailed Nightjar, Caprimulgus cayennensis White-chinned Swift, Cypseloides cryptus Grey-rumped Swift , Chaetura cinereiventris White-tipped Swift , Aeronautes montivagus Lesser Swallow-tailed Swift , Panyptila cayennensis Pale-tailed Barbthroat, Threnetes leucurus leucurus Streak-throated Hermit, Phaethornis rupurumii Grey-breasted Sabrewing , Campylopterus largipennis Black-throated Mango, Anthracothorax nigricollis Blue-tailed Emerald , Chlorostilbon mellisugus White-chinned Sapphire, Hylocharis cyanus Green-tailed Goldenthroat, Polytmus theresiae Glittering-throated Emerald, Amazilia fimbriata White-tailed Trogon, Trogon viridis American Pygmy Kingfisher, Chloroceryle aenea Green Kingfisher, Chloroceryle americana Ringed Kingfisher, Megaceryle torquata Green-tailed Jacamar, Galbula galbula Pied Puffbird , Notharchus tectus Black Nunbird, Monasa atra Black-spotted Barbet, Capito niger Black-necked Aracari, Pteroglossus aracari Red-billed Toucan, Ramphastos tucanus tucanus Blood-coloured Woodpecker, Veniliornis sanguineus Cream-coloured Woodpecker, Celeus flavus Crimson-crested Woodpecker , Campephilus melanoleucos Yellow-chinned Spinetail , Certhiaxis cinnamomeus

Wedge-billed Woodcreeper , Glyphorynchus spirurus

Chestnut-rumped Woodcreeper , *Xiphorhynchus* pardalotus

Straight-billed Woodcreeper , Dendroplex picus Black-crested Antshrike , Sakesphorus canadensis Northern Slaty Antshrike , Thamnophilus punctatus Brown-bellied Antwren, Myrmotherula gutturalis Todd's Antwren, Herpsilochmus stictocephalus Grey Antbird , Cercomacra cinerascens Warbling Antbird , Hypocnemis cantator White-bellied Antbird , Myrmeciza longipes White-plumed Antbird , Pithys albifrons Screaming Piha, Lipaugus vociferans Purple-throated Fruitcrow, Querula purpurata White Bellbird, Procnias albus Golden-headed Manakin , Pipra erythrocephala Blue-backed Manakin , Chiroxiphia pareola Greenish Elaenia, Myiopagis viridicata Rufous-crowned Elaenia, Elaenia ruficeps Mouse-coloured Tyrannulet , Phaeomyias murina MacConnell's Flycatcher, Mionectes macconnelli Helmeted Pygmy-tyrant, Lophotriccus galeatus Common Tody-flycatcher, Todirostrum cinereum Vermilion Flycatcher , Pyrocephalus rubinus White-headed Marsh-tyrant, Arundinicola leucocephala Rusty-margined Flycatcher , Myiozetetes cayanensis Lesser Kiskadee , Philohydor lictor Sulphury Flycatcher, Tyrannopsis sulphurea Tropical Kingbird , Tyrannus melancholicus Fork-tailed Flycatcher , Tyrannus savana Dusky-capped Flycatcher , Myiarchus tuberculifer Bright-rumped Attila, Attila spadiceus Cinereous Becard , Pachyramphus rufus Grey-breasted Martin , Progne chalybea Blue-and-white Swallow, Notiochelidon cyanoleuca

American Barn Swallow , *Hirundo rustica erythrogaster*Bicoloured Wren , *Campylorhynchus griseus*Buff-breasted Wren , *Thryothorus leucotis*Donacobius , *Donacobius atricapilla*Black-billed Thrush , *Turdus ignobilis*Tropical Gnatcatcher , *Polioptila plumbea*Ashy-headed Greenlet , *Hylophilus pectoralis*Violaceous Euphonia , *Euphonia violacea*Blackpoll Warbler , *Dendroica striata*Neotropical River Warbler , *Basileuterus rivularis*

Black-collared Swallow, Atticora melanoleuca

Buff-throated Woodcreeper , Xiphorhynchus guttatus

Fasciated Antshrike , Cymbilaimus lineatus

Mouse-coloured Antshrike , Thamnophilus murinus

Guianan Streaked Antwren , Myrmotherula surinamensis

White-flanked Antwren , Myrmotherula axillaris

White-fringed Antwren , Formicivora grisea

White-browed Antbird , Myrmoborus leucophrys

Black-headed Antbird , Percnostola rufifrons

Black-throated Antbird , Myrmeciza atrothorax

Thrush-like Antpitta , Myrmothera campanisona

Spangled Cotinga, Cotinga cayana

Capuchinbird, Perissocephalus tricolor

Guianan Cock-of-the-rock, Rupicola rupicola

White-crowned Manakin , Dixiphia pipra

White-throated Manakin, Corapipo gutturalis

Yellow-bellied Elaenia , Elaenia flavogaster

White-lored Tyrannulet, Ornithion inerme

Bearded Tachuri , Polystictus pectoralis

Double-banded Pygmy-tyrant , Lophotriccus vitiosus

Spotted Tody-flycatcher , Todirostrum maculatum

Grey-crowned Flycatcher , Tolmomyias poliocephalus

Pied Water-tyrant , Fluvicola pica

Piratic Flycatcher , Legatus leucophaius

Great Kiskadee , Pitangus sulphuratus

Boat-billed Flycatcher , Megarynchus pitangua

White-throated Kingbird, Tyrannus albogularis

Grey Kingbird , Tyrannus dominicensis

Greyish Mourner, Rhytipterna simplex

Short-crested Flycatcher , Myiarchus ferox

Black-tailed Tityra, Tityra cayana

White-winged Swallow, Tachycineta albiventer

Brown-chested Martin , Progne tapera

White-banded Swallow, Atticora fasciata

Southern Rough-winged Swallow, Stelgidopteryx ruficollis

Yellowish Pipit , Anthus lutescens

Coraya Wren , Thryothorus coraya

Southern House Wren , Troglodytes musculus

Tropical Mockingbird , Mimus gilvus

Long-billed Gnatwren , Ramphocaenus melanurus

Cayenne Jay, Cyanocorax cayanus

Finsch's Euphonia, Euphonia finschi

Yellow Warbler, Dendroica petechia aestiva

Masked Yellowthroat , Geothlypis aequinoctialis

Bananaquit , Coereba flaveola

Fulvous-crested Tanager, Tachyphonus surinamus

Summer Tanager, Piranga rubra

Blue-grey Tanager , Thraupis episcopus

Turquoise Tanager, Tangara mexicana

Spotted Tanager, Tangara punctata

Opal-rumped Tanager, Tangara velia

Blue Dacnis , Dacnis cayana

Plumbeous Seedeater, Sporophila plumbea

Wing-barred Seedeater, Sporophila americana

Ruddy-breasted Seedeater , Sporophila minuta

Red-capped Cardinal, Paroaria gularis

Greyish Saltator, Saltator coerulescens

Red-breasted Blackbird, Sturnella militaris

Carib Grackle, Quiscalus lugubris

Giant Cowbird , Molothrus oryzivorus

Yellow Oriole , Icterus nigrogularis

Yellow-rumped Cacique, Cacicus cela

Crested Oropendola , Psarocolius decumanus

White-lined Tanager, Tachyphonus rufus

Silver-beaked Tanager, Ramphocelus carbo

Palm Tanager , Thraupis palmarum

Paradise Tanager , Tangara chilensis

Burnished-buff Tanager , Tangara cayana

Black-faced Dacnis , Dacnis lineata

Red-legged Honeycreeper , Cyanerpes cyaneus

Grey Seedeater , Sporophila intermedia

Lined Seedeater, Sporophila lineola

Large-billed Seed-finch , Oryzoborus crassirostris

Grassland Sparrow, Ammodramus humeralis

Yellow-green Grosbeak , Caryothraustes canadensis

Eastern Meadowlark , Sturnella magna

Shiny Cowbird , Molothrus bonariensis

Moriche Oriole, Icterus chrysocephalus

Orange-backed Troupial , Icterus croconotus

Red-rumped Cacique, Cacicus haemorrhous

Green Oropendola, Psarocolius viridis

Other wildlife seen

White-eared Opossum (Didelphis albiventris)

A single animal was seen at dusk at Iwokrama

Pale-throated Sloth (Bradypus tridactylus)

One was seen high in a cecropia tree at Iwokrama

Giant Anteater (Myrmecophaga tridactyla)

Fantastic looks at close range of this bizarre, long-tailed, long-nosed animal. For most the mammal of the trip!

Red-handed Tamarin (Saguinus midas)

A small group was seen at Shanklands

Tufted Capuchin (Cebus apella)

Two small groups were seen at Karanambu

Weeper Capuchin (Cebus olivaceus)

Common Squirrel Monkey (Saimiri sciureus)

A small groups was seen during on our last evening at Karanambu in the compagny of the Brown Capuchins.

White-faced Saki (Pithecia pithecia)

Splendid observation of a male and female during our morning walk at Shanklands.

Guyanan Red Howler (Alouatta macconnelli)

Heard very regularly and finally excellent views near Rock View of a family group.

Red-faced Spider Monkey (Ateles paniscus)

A few single mammals seen

Chestnut Sac-winged Bat (Cormura brevirostris)

Proboscis Bat (Rhynchonycteris naso)

Common on rocks or below trees over rivers

Greater Sac-winged Bat (Saccopteryx bilineata)

Miller's Long-tounged Bat (Glossophaga longirostris)

1 took up residence in one of the cabins at Karanambu

Silky Short-tailed Bat (Carollia brevicauda)

Lesser Bulldog Bat (Noctilio albiventris)

Common during our spotlighting sessions at Karanambu, also large roost in one of the main buildings.

Greater Bulldog Bat (Noctilio leporinus)

Scarce

Pallas's Mastiff Bat (Molossus molossus)
